CYBΞR64

Engineering Seamless Solutions
For a Connected World

Our innovation & expertise deliver results.

Cyber64 delivers rapid project success based on extensive Adobe experience, high innovation, and in-depth problem analysis combined with very attractive rates.

Leveraging years of experience and established market connections, Cyber64 has the capability for quickly scaling-up development teams.

Our Assets

AEM Academia - semi-automated & custom-tailored in-house AEM onboarding tool. A 6-month-long process to onboard new technical experts with a focus on agile development & real-case-scenarios.

Key Markets

Cyber64 has successfully collaborated with clients from three continents - Europe, North America, and Asia. We're an international agency that currently focuses on the DACH region.

224 +	50 +	40 +	20 +	7
Years of Adobe experience	Projects finished with 100% success rate - Expert vetted	Geeks, next-gen experts & innovators	Certifications, badges & specialisations	Years on average of Adobe Experience Cloud experience per person
